

There are three ways to receive a quote:

1. Bring your furniture, or a photo of your furniture, to our showroom during worktimes. We will give you an on-the-spot quote and an estimate of the fabric metreage you will require.

2. Send a couple of images of your furniture to [peter@martelupholstery.com](mailto:peter@martelupholstery.com) We will respond within one working day with a quote and a metreage. To help us provide you with an accurate quote it is helpful if you can include some external measurements and a note on the condition of the foam and the webbing. Also indicate if the timber frame requires attention

3. If the first two options are not possible you can ask for an upholsterer to visit you at home.
